You will start helping the online version of our courses and, if everything goes well and you become part of Devo, you will be able to travel to their offices.

## What will you do

- Helping to developing and delivering, engaging training initiatives which match the needs of all employees across the company in Spain and USA driving continuous improvement and growth in line with the company strategy.
- Creation of contents that fit the training needs.
- Additional responsibilities of this position go through to update courseware material.

## What we need from you

- Be in your last year of College or Master's related to IT (Maths, Engineering, Physics, Telecommunications. Etc)
- Demonstrate good presentation skills.
- Very high level of English (C1/C2).
- Willingness to learn, being resilient, proactive and hunger for new knowledge

- Commitment to be 5 hours a day flexible between 8h and 18h

**We enjoy looking at code samples. Please include links to your live projects, github code, etc.**

### What we offer

Work with a Big Data solution, which is not based on existing tools or frameworks, developed entirely in the company

We provides job security, appropriate working conditions, a competitive salary in recognition of work, efficient organizational structure as well as a training and motivational system for employees

Ongoing opportunities to improve technology skills

Our old employees look after new recruits to help them fit in, which makes work much more effective.

Flexible work hours in a focused but casual environment and an international team.
