

Junior Backend Engineer

Engineering, Madrid, Spain

ABOUT GLOVO:

We're a Barcelona-based startup and the fastest-growing delivery player in Europe, Africa, and Western Asia. With food at the core of the business, Glovo delivers any product within your city at any time of day.

We believe that diversity adds incredible value to our teams, our products, and our culture. We know that the best ideas and solutions come by bringing together people from all over the world and by fostering a culture of inclusion where everyone feels included and has the chance to make a real impact. It's because of this that we are committed to providing equal opportunities to talent from all backgrounds.

In your application, please feel free to note which pronouns you use (For example: she/her/hers, he/him/his, they/them/theirs, etc).

YOUR WORK-LIFE OPPORTUNITY:

Our vision is to build one of the best engineering organisations in continental Europe that is known for its unrivalled ability to create technology that supports Glovo's rapid growth; in an inclusive environment; where we celebrate our differences and work together to give back to the tech community globally.

BE A PART OF A TEAM WHERE YOU WILL:

- Work on challenging problems and constantly improve the usability of our applications.
- Develop software using modern engineering approaches and agile principles.
- Make our technology and our team scale as the business grows.
- Own your deliverables from start to finish.
- Deliver high-quality solutions.
- Participate in technical decisions.
- Take part in product-experimentation.

YOU HAVE:

- Computer Science or similar degree
- Previous relevant full-time experience.
- Solid foundation in Java or other industry-standard language fundamentals
- Knowledge of object-oriented programming and software architecture.
- Strong will to adhere to best practices in OO development and a need to leave well-structured code in your tracks.
- The urge to write automated tests.
- Knowledge of relational databases and other approaches to data management.
- You are well-organized and have great attention to detail, you are user-centered
- Analytical and problem-solving skills.
- Strong written and verbal communication skills in English.

WHAT YOU'LL FIND WHEN WORKING AT GLOVO:

Gas: We work hard with energy and passion for what we do.

Care: We act in the best interest of a sustainable future.

Good vibes: We always see the positive side in every situation and act with fairness and honesty with everyone.

Stay Humble: We embrace mistakes and feedback to learn from them.

Glownership: We roll up our sleeves and get work done no matter our position and level.

If you believe you match these values, we look forward to meeting you!

At Glovo we believe that diversity adds incredible value to our teams, our products, and our culture. We know that the best ideas and solutions come by bringing together people from all over the world and by fostering a culture of inclusion where everyone feels heard and has the chance to make a real impact. It's because of this that we are committed to providing equal opportunities to talent from all backgrounds.

Want to take a peek into what it's like to work at Glovo? Follow us on Instagram and like us on Facebook!

Glovo is transforming the way consumers access local goods, enabling anyone to get almost any product delivered in minutes. Our on-demand logistics connect customers with independent local couriers who acquire goods from any restaurant or store in a city, as well as deliver urgent packages for a variable fee. As of 2020, we're currently present in more than 22 countries across Europe, Latin America, Africa, and Asia.
